Cortec® India Celebrates Triple-Digit Growth during First Annual Conference!

April 24, 2007

Cortec® India is pleased to announce that their first annual India Sales Conference held in Bangkok, Thailand on April 12 - 13, was a huge success! After years of strategic planning and training, Cortec® India is now growing at triple digit rates, thanks to the untiring efforts and leadership of PK Mathew of Cortec® India and the patience and able support from the entire Cortec® Corporation team.

The theme for this year's conference was "Knowledge is Power", with a bulk of the conference devoted to technical training and sharing successes between the regions. 25 participants from across the country took active part in the conference and activities.

Bob Boyle (Cortec® USA) presented awards to the following Five Top Distributors, based on their excellent sales growth and commitment to technical development in 2006:

1. Advance Engineering Corporation, Bangalore
2. Seremag Packaging, Bangalore
3. Siddharth Trading Co, Mumbai
4. Siva Technical Services, Chennai
5. Multiweld, Delhi

PK Mathew of Cortec® India is already making preparations for next year's meeting and challenged all distributors to continue learning and stay committed in order to exceed the 100% sales growth target for the year 2007- 08.

Cortec® Corporation is a pioneer of environmentally friendly, corrosion protection Vapor phase Corrosion Inhibitors (VpCI™) & Migratory Corrosion Inhibitors (MCI®) technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001 & ISO 14001:2004 Certified.
