Customer Service

With years of experience and extensive product knowledge, Cortec® Spray Technologies' Customer Service Representatives are here to handle every detail. Count on these experienced professionals to give you the technical support, application assistance, and coordination services you need.

Quality Control

At the heart of Cortec® Spray Technologies' manufacturing process, our comprehensive Zero Defect plan covers all aspects of production, and is strongly monitored by all Cortec® employees. The strictest standards are adhered to in complete batch testing, retained samples, and batch codes. We can also tailor specialized quality control programs to address your own specific needs.

Plant and Run Capabilities

Aerosols from one ounce to 24 ounces; liquid fill from one ounce to totes. Equipped to utilize all current hydrocarbon blends, bag in valve (powered by compressed air), CO2, A-70, 134a and DME blends. Run sizes begin at 1200 units.

Confidentiality

Be assured that your formulations, and your business relationship with Cortec®, will remain strictly confidential. Your products will be manufactured to your particular specifications, with quality ingredients.

Cortec® Products

EcoAir®	EcoClean®	EcoLine®
EcoSpray	BullFrog	Rawn America

Custom Products

Over the years Cortec® Spray Technologies has formulated products for growing companies of all sizes and is prepared to match our production to your inventory needs. By utilizing Cortec's technical expertise, experience, and production resources your product will benefit from complete market coverage.

Pre-Formulated Products

Cortec® Spray Technologies' pre-formulated, industrial, electronic, and household aerosol products are available for your private brands. Simply provide us your label, and we will do the rest. Short run minimums begin with only 1,200 cans.

Contract Packaging:

With our advanced laboratory and contract packaging services, Cortec® Spray Technologies gives you the competitive edge in your product's formulation, testing, manufacturing, and distribution. A variety of propellants and the latest aerosol filling equipment combine to create a superior product. We can also serve your product labeling needs; and can offer guidance with regulatory and environmental concerns.

Here are just a few examples of products that Cortec® Spray Technologies can formulate to your unique specifications:

Electronic Chemicals

- Cleaners
- Dusters
- Freezes
- 10% VOC Applications

Industrial and MRO

- Cleaning Compounds
- Metal Preparation
- Water Treatment

Lubricants

- Petroleum Based
- Synthetic
- Silicone

Rust Preventatives

- Outdoor (Long term)
- Indoor

Specialized Coatings

- Acrylic
- Vinyl
- Silicone

Maintenance Chemicals

- Safety Solvents
- Cleaner

Institutional Products

- Disinfectants
- Glass Cleaners
- Surface Cleaners

And More!

- Jewelry Cleaners
- Histological Sprays
- Sports Products
- Mold Releases
- Paint Removers

Laboratory:

Cortec® Spray Technologies has developed and improved many leading products. Our lab provides product analysis, development, reengineered, and custom formulations. Our experienced laboratory chemists and technicians have worked on many well-respected aerosol products and our expertise will ensure that each formulation meets your exact specifications.

Private Labeling:

Cortec® has over 500 house formulas for private labeling with custom formulating and accelerated corrosion testing services available:

- Air dusters
- Anti-static
- Anti-seize paste
- Automotive Paste Wax (rust preventing)
- Automotive Spray Wax (rust preventing)
- Bar and chain grease
- Biodegradable cleaner/degreasers
- Biodegradable lubricants
- Brake cleaner (flammable)
- Brake cleaner (non-flammable)
- Car covers (rust preventing)
- Carburetor cleaner
- Circuit wash
- Cleaner degreaser
- Conformal coating
- Contact cleaner (flammable)
- Contact cleaner (non flammable)
- Contact cleaner (non-conductive)
- DVD/CD cleaner
- Electric motor cleaner
- Electric contact protector
- Engine oil additive
- Engine coolant additive
- Engine fuel system additive
- Flux remover
- Food grade grease
- Glass cleaner
- Grease cartridge
- Gum label remover
- Gun cases (rust preventing)
- Gun cleaner
- Gun oil
- Injector cleaner
- Laptop cleaner
- Motorcycle covers (rust preventing)
- Paint removers
- Paste wax
- Plastic cleaner
- Plasti-pair
- Penetrating oils
- Red grease
- Rubber revitalize
- Spatter shield
- Spray adhesive
- Spray wax
- Super freeze
- Super glue
- Water based paints
- White lithium grease

Options Available:

House propellants:

- A-70: propane/isobutene (flammable)
- CO₂: non-flammable
- 134-a: non-flammable
- 2 vacant propellant tanks available for customer specified propellant

House cans inventory:

- 12 oz
- 16 oz
- 4 oz
- 7 oz
- And smaller

Plant Capability:

- Traditional A-70 aerosol
- Aerosol alternative/Bag on valve
- Trigger spray
- Bottle fill
- Blister packing
- Grease cartridge
- "Accelerated" corrosion testing/prevention
