

# CASE HISTORY

## Valve Body Preservation

Before

### DISTRIBUTOR

Vertex Corrotech Solutions Pvt Ltd

### LOCATION

Coimbatore, India

### PRODUCTS

VpCI®-426  
VpCI®-419

### PROBLEM

KSB's valve bodies were being stored in an open yard and had developed corrosion since their vendor had not applied any rust preventive. They required a solution to clean and protect the valve bodies until KSB could supply them to the Reliance Jamnagar Refinery Project.

### APPLICATION

The rust was removed from the valve bodies using VpCI®-426, a water-based rust remover. After this, the surface was cleaned and neutralized with VpCI®-419 cleaner/degreaser.

### CONCLUSION

KSB was very pleased with the performance and cost effectiveness of the Cortec® products.

After

### DATE

September 2012

### CUSTOMER

KSB Pumps Limited

### CORTEC® REPRESENTATIVE
