

NEWS ALERT

Cortec® Offers Additional New Product Application Guides!

Cortec® is proud to announce the 2nd release of new product application guides. This release will include application guides for VpCI®-316, VpCI®-325/328, VpCI®-329, VpCI®-377, VpCI®-386, VpCI®-389, VpCI®-423, BioCorr®, CorrVerter®, and Foaming Cleaners.

We will continue to try and release new application guides on a quarterly basis throughout the coming year. If you have interest in any of the application guides listed above please contact your local Cortec® distributor or sales representative for further information.

We embrace the chance to further help all of our customers in preventing costly corrosion issues. Thank you!

Cortec® Corporation is the global leader in innovative, environmentally responsible VpCI® and MCI® corrosion control technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas, and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001, ISO 14001, and ISO 17025 Certified.
