

NEWS ALERT

Cortec® Announces New Product Application Guides!

Cortec® is proud to announce the release of new product applications guides. This initial release will include application guides for shrink wrapping, powder fogging, VpCI®-337 fogging; and cleaning and protecting with VpCI®-422, VpCI®-426, and VpCI®-429.

We plan to release new application guides on a quarterly basis throughout the coming year. If you have interest in any of the application guides listed above please contact your local Cortec® distributor or sales representative for further information.

We embrace the chance to further help all of our customers in preventing costly corrosion issues. Remember where there's rust, Cortec® has the solutions!

Cortec® Corporation is the global leader in innovative, environmentally responsible VpCI® and MCI® corrosion control technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas, and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001, ISO 14001, and ISO 17025 Certified.
