

NEWS ALERT

Cortec® President/CEO - Boris Miksic, FNACE To Be Keynote Speaker At Corrosion UAE!

Silver Sponsor:

CORTEC
MIDDLE EAST

Environmentally Safe VpCI®/MCI® Technologies

Cortec® Middle East is the Silver Sponsor for Corrosion UAE, a biannual official NACE event held at the St. Regis Hotel in Abu Dhabi. The new NACE UAE Corrosion Conference from May 12-14, 2015 will identify corrosion issues and challenges that industries in the Middle East are faced with every day. Leading corrosion professionals from around the world will address the solutions and join together with attendees to discuss preventative actions and resources.

The 2015 technical program will contain 45 presentations featuring specialists from around the world. The most anticipated of these presentations are the keynote sessions presented by two world-renowned experts: Cortec's founder and CEO Boris Miksic, FNACE and Dr Chris Fowler. Boris will share the challenges, setbacks, and triumphs of his journey to create a successful corrosion control company in his keynote speech "Nuts and Bolts of How to Build a World-Class Company and Have Fun in Life." Attendees will also get a chance speak to Boris, the author of "American Dream: A Guy from Croatia", at his book signing on Tuesday, May 12th at 11:15 AM. In the Corrosion Control Chemicals session, Cortec® Middle East's Usama Jacir will be presenting Boris Miksic, FNACE and Dr. Behzad Bavarian's NACE reviewed paper "Comparison of the Corrosion Protection Effectiveness of Vapor Corrosion Inhibitor and Nitrogen Blanketing System."

Utilizing Cortec® Corporation's association with NACE International, Cortec® Middle East continues to play an active role with different NACE chapters in the MENA region. Cortec® Middle East provides optimum value solutions for industries throughout the Middle East and North Africa. Cortec® products apply cutting edge environmentally friendly technologies to tackle some of the industries most challenging corrosion problems. Cortec® Middle East continues to strengthen and expand its regional presence in the corrosion control industry.
