## Record Number of Visitors at Cortec®'s Booth at European Corrosion Conference - EuroCorr!

**As the only company exhibiting corrosion inhibiting technologies, Cortec's booth was among most exciting booths at the conference and attracted record number of visitors**

The biggest European corrosion conference and most important event for corrosion science and engineering - EUROCORR - took place in beautiful Graz, Austria from 6<sup>th</sup> to 10<sup>th</sup> September 2015. During those four exciting days, series of corrosion science conferences were held with main objective to foster knowledge, and transfer experiences amongst delegates with academic and industrial backgrounds.

We are very proud that Cortec® was commercially present at EuroCorr as the only company exhibiting corrosion inhibiting technologies! Cortec's solutions generated record interest

# NEWS ALERT

and large number of attendees visited our booth including company representatives, media and various institutions wanting to gather more information on Cortec's services.

**EcoCortec's Managing Director, Ivana Radic Borsic with Alessia Venturi, Editor in Chief of Italian bilingual magazine IPCM.**

Among companies that expressed huge interest in Cortec were world-renowned companies such as Saudi Aramco, Petrofac, Sandvik, Magna, EFC, IPCM and many more.

EuroCorr was perfect opportunity to attend technical sessions during which Prof. Bavarian of California State University at Northridge has presented 3 technical papers on Cortec® VpCI® /MCI® technologies. Within the scientific program of the conference dr. Bavarian presented a paper covering Dry Air and VCI use in CUI. Cortec® was also presented with a poster presentation (poster title: Water-Based Coatings Powered by Nanoparticle Vapor Corrosion Inhibitor, authors: Boris A. Miksic, Margarita A. Kharshan and Ron Camp - Cortec Corporation).

Professor Bavarian is one of the world's leading authorities on VpCI®/MCI® technologies with over 20 years of experience in this field. His presentations will improve and deepen our knowledge on VpCI® technology and products as well as wide range of possible applications. The main theme of EUROCORR 2015 was "Earth, Water, Fire, Air, Corrosion happens everywhere".

# NEWS ALERT

During EuroCorr 2015, 380 oral presentations were presented, including 4 plenary lectures and keynote lectures by world leading corrosion scientists.

Managing Director of EcoCortec®, Ivana Radic Borsic and Dario Dell'Orto, Cortec's Vice President of International Sales Europe, SA, ME, Africa with Professor Behzad Bavarian during poster presentation.

Over 800 professionals attended this year's EuroCorr mostly from Europe, but also from US, Japan, Russia, Saudi Arabia, Australia, Korea, Iran, Morocco and China. More than 50 countries, from all over the world were represented at EuroCorr 2015 and record number of 40 exhibitors were present.

It is an honor for us to have been part of this exciting event and above all we are thrilled with great interest that attendees have expressed in our products and solutions.

This motivates us to be even better and commit furtherly to quality, excellence and environmental safety which made Cortec® unquestionable leader in corrosion industry today!
