## Cortec® Welcomes Ken Motsinger Back

Join us in welcoming Ken Motsinger back to Cortec®. Ken will be returning in the position of Technical Sales Director for specialty coated products produced at Cortec® Coated Products (CCP). His wide-ranging experience will be invaluable as he works side by side with the CCP staff. Ken will be challenged to forge new levels of sales, and as a 20-year veteran in the paper business he will certainly rise to the occasion.

It's great to have a proven professional who understands the company's culture and business. Ken's skills, quality service, and experience gained throughout his career will be a great resource to support Cortec's business needs, mission, goals, and growth.

We are glad to have him back and look forward to his many contributions.
