## **Attention: New Product Editor**

March 28, 2008

### **PRODUCT NEWS RELEASE**

## **Unique Multifunctional Cleaner, Lubricant, And Preservative All In One.**

Cortec® Corporation's VpCI™-340 CLP is an exclusive formulation performing multiple functions: cleaning, water displacement, freeing stuck mechanisms, superior lubrication, and metal protection. It penetrates to undercut contaminants, rust, salt, and moisture which can be easily brushed or wiped away. Cortec® VpCI™-340 CLP also forms a thin, long-lasting lubricating film which dramatically reduces friction and wear. Moving parts work smoother and will last longer.

Cortec® VpCI™-340 CLP can be used for indoor and outdoor applications; as well as in metalworking, mining, aircraft, and many other industries. It's superior water displacing characteristics make it an ideal choice for applications on equipment and components that are exposed to outside weather.

VpCI™-340 CLP also conforms to MIL-L-63460 specification for "Lubricant, cleaner, and preservative for weapons and weapon systems."

VpCI™-340 CLP can be used for indoor and outdoor applications; as well as in metalworking, mining, aircraft, and many other industries.
