## Cortec® Corporation Celebrates 30th Anniversary and Another Successful World Sales Meeting.

June 25, 2007

Cortec® Corporation's president, Boris Miksic, is proud to announce the conclusion of another fabulous World Sales Meeting. Held at the Saint Paul Hotel, this meeting brings together distributors from all over the world. This year, Cortec® welcomed 96 attendees, with 27 countries being represented. The two day meeting, held June 14<sup>th</sup> and 15<sup>th</sup>, consisted of 39 seminars being held in 8 sessions. Each seminar consisted of useful information on breakthrough applications and products.

Cortec® also continued its 30th Anniversary celebration during the World Sales Meeting. Boris spoke of how happy he is to see how far Cortec® has come and where he would like to see the company go from here. His vision to always give the customers the best service and the best products is an inspiration to any corporation.

Cortec® would like to thank all who attended to help celebrate our 30th Anniversary and the World Sales Meeting. We look forward to seeing everyone again at the next World Sales Meeting, which will be held in 2009!
