March 22, 2007

From: Eric Uutala, Cortec Corporation Laboratory

To Whom It May Concern:

This letter is in regards to Eco Film and Eco Works, and their compliance with AS 4736-2006. Based on results obtained and verified through Din Certco and BPI per ASTM D 6400, EN 13432, and related testing protocols, Cortec's Eco Film™ and Eco Works® range of products meet Australian Standard® AS 4736-2006.

Specifically, Eco Film™ and Eco Works® meet the criteria and definitions established for an aerobically biodegradable (90% within 180 days) single component plastic article (no separation prior to disposal) that is non-toxic, non-hazardous and does not contain heavy metals above the limits established.

If you have any further questions or concerns, feel free to contact Cortec.

Sincerely,

Eric W. Uutala
