To: Whom It May Concern  
Subject: Safety Data Sheets (SDS)  
Date August 12, 2015

Cor-Pak®: 1-Mul Pouch, Ex Film, Fabric, Pipe Strip  
Cor-Pak® VpCI®: Caps, Corrugated PE Sheetings, Polycoated Paper, Reinforced Paper, Stretch Film  
Clay Coated Papers: 42NRSC, 50NRSC, 63BRSC, 63NRSC  
We have discontinued providing SDSs for the above listed products including our films, foams, resins, papers, pouches, and emitters, as we consider these products “articles” as defined by OSHA’s, Canada’s, and Europe’s Hazard Communication Standards, therefore they are exempt from the safety data sheet requirements of these regulations.

OSHA Section 1910.1200 (amended), Title 29 of the Code of Federal Regulations specifically states that its Hazard Communications section does not apply to “articles” in paragraph (a) (5) (iv). An “article” is defined as follows:

“Articles” means a manufactured item: (i) which is formed to a specific shape of design during manufacture: (ii) which has an end use function(s) dependent in whole or in part upon its shape or design during end use: and (iii) which does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

Thank you for your interest in our products. If you have any further questions or need additional information, feel free to contact regulatory@cortecvci.com; they will be happy to assist you.

Sincerely,

THE CORTEC® CORPORATION
