Cor-Pak® VpCI® Stretch Film
High Technology Anti-Corrosion Films
Machine Grade
Multimetal VpCI Systems
For use with Automatic and Semi-Automatic Stretch Wrappers

DESCRIPTION
Cor-Pak VpCI Stretch Film is a unique high performance stretch film designed to operate consistently for machine wrap applications in metals packaging. Its patented technology provides the ultimate in multimetal corrosion protection by protecting all metal surfaces in the package through the use of Vapor phase Corrosion Inhibitors (VpCI). Superior holding force in Cor-Pak VpCI Stretch Film makes automation of packaging lines possible while improving package integrity and appearance. This unique stretch film is environmentally friendly, FDA approved, fully recyclable, and consistently monitored for quality under Cortec’s ISO 9001 and 14001 Certifications.

METHOD OF APPLICATION
Cor-Pak VpCI Stretch Film is compatible with commercially available manual and automatic stretch wrapping equipment.

BENEFITS
• Does not contain polyisobutylene (PIB) or other tackifiers in cling layer, allowing discarded stretch film to be recycled
• Does not leave residue on parts
• Provides multimetal corrosion protection with VpCI action
• Protected parts can be used immediately without cleaning or degreasing
• More economical and secure than tape, twine, or strapping
• Holds protected parts securely in place
• Self-adhering film bonds to each layer for added strength
• Helps keep dust, dirt, and moisture off warehouse stock
• Superior performance in light gauges allows down-gauging and cost effectiveness
• Can be applied with standard equipment
• Excellent clarity and cling
• Up to a 3:1 stretch ratio
• FDA approved for use on food containers and handling equipment following good manufacturing processes
• Recyclable, environmentally friendly

PACKAGING AND STORAGE
Cor-Pak VpCI Stretch Film is available in 20” (50 cm) and 30” (76 cm) widths with differential cling in the following thicknesses and lengths:

1.0 mil (25 microns) x 4500’ (1372 m)
1.5 mil (38 microns) x 3000’ (914 m)
2.0 mil (50 microns) x 2250’ (686 m)

Contact Cortec Customer Service for inquiries and custom requirements.
Cor-Pak VpCI Stretch Film should be stored indoors at room temperature, and sealed in its original packaging.
