Ms. Kathleen R. Anderson  
The Cortec Corporation  
310 Chester Street  
St. Paul, MN 55107

Dear Ms. Anderson:

Thank you for your July 3 and September 7 letters about corrosion inhibitors.

Your Cortec VCI-337 F and Cortec VCI-329 F are chemically acceptable for use on packaging material in indirect contact with meat or poultry food product prepared under Federal inspection.

This acceptance is valid as long as the composition and use remain as described to us, and provided the inspector approves the performance. No endorsement of the material or of any concomitant claims is intended.

Sincerely,

*for* Charles R. Edwards, Chief  
Product Safety Branch  
Food Ingredient Assessment Division
