## Cortec® Corporation announces changed location for this year's European Sales Meeting

The 2012 European Sales Meeting hosted by Cortec® Corporation will now be taking place October 10-13, 2012 in Zagreb and Beli Manastir, Croatia rather than in Dubai, U.A.E. as originally planned. Due to Cortec® Distributors popular demand, we have changed the location to return to beautiful Croatia for our International Summit. Our meeting there was such a great success four years ago, that we just had to say YES! The meeting will still feature impressive educational presentations and sessions highlighting Cortec® products and technologies. Sorry Dubai, Croatia is the winner!!

The meeting will commence in Zagreb, the capital city of the newest member (28th) of the European union, at the five star hotel Westin Zagreb on October 10th with a reception, followed by meetings and sessions on the 11th ending the day with dinner and live music at the national restaurant Lagvic. On the 12th, a bus will take you to the Patria Hotel in Beli Manastir with a tour of the upgraded world class producer of VpCI® films – EcoCortec®. We have plenty of new things to show our Sales Force at the first true BioPlastics plant in the country. The festivities will end with a party at Restoran Josic.

We look forward to another fun and productive European Sales Meeting with another year of record attendance just like the 2010 meeting in Madrid, Spain.
