

# Coat Once. Last Longer. Up to 3 times longer.

**Low VOC - up to 25 years protection.**

When paint cracks, peels and pops off the metal surface, work with corrosion experts from Cortec®. Our patented and proprietary formulations can double and triple the time between recoating. We offer you many proven chemistries from moisture cure urethanes, epoxies and acrylics for control of corrosive attack for OEM equipment and surfaces to be repaired. Cortec offers a high tech color matching system to replicate your colors when recoating tanks, oil rigs, pipelines, high temperature stacks, bridges and towers.
