## Without a Single Nonconformance! Cortec® Corporation Passes ISO 9001 Recertification Audit

June 27, 2006

Once again, Cortec® Corporation has proven its dedication to total quality! In May 2006, Cortec® passed the ISO 9001 recertification audit without a single nonconformance, indicating Cortec's Quality Management System is stronger than ever. This is the third audit in a row that Cortec® passed without a single nonconformance.

In the first six months of 2006, Cortec® achieved an average global on time delivery rate of 98.12% and an average product approval rate of 99.97%. Our success is built on top management commitment to quality, a dedicated Quality Management System Committee, and employee teamwork. Cortec® Corporation continuously strives to improve overall product quality and customer satisfaction.

Cortec® was one of the first ISO certified companies in Minnesota. We received our first ISO 9001 (Quality Management System) certification in 1994 and our first ISO 14001:2004 (Environmental Management System) certification in 1998.

Cortec® Corporation is a pioneer of environmentally friendly, corrosion protection Vapor phase Corrosion Inhibitors (VpCI™) & Migratory Corrosion Inhibitors (MCI®) technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001 & ISO 14001:2004 Certified.
