PRESS RELEASE

EcoCortec® – Leading European VpCl®/VCI Plastic Films Producer Receives a Certificate of Credit Rating Excellence!

EcoCortec® plant - biggest VpCl®/VCI plastics films manufacturer in Europe has received a certificate of credit rating excellence AA+. This is one of the highest credit ratings referring the company is very reliable, stable and desired for cooperation. AA+ rating indicates that the company meets the highest standards of successful business. EcoCortec's leadership was contacted by "Company Wall" credit rating agency in order to make evaluation of EcoCortec®. After careful and detailed monitoring EcoCortec® was awarded with excellent AA+ rating, yet another confirmation of company's quality and excellent perspective. This renowned agency offers detailed company assessment and thorough financial analysis conducted by

international team of experts with years of experience in the financial sector. "Company Wall" agency is

known for comprehensive analysis and accurate financial forecasts by using custom tools designed specifically for each and every client. The company strives towards absolute and unconditional financial transparency which gives added value to this excellent credit rating of EcoCortec®.

EcoCortec® located in Beli Manastir, Croatia has become one of the leading VpCI®/VCI plastics films manufacturers in Europe. The plant has recently received excellent credit rating as a confirmation of its business quality.

High rating of EcoCortec® is the latest evaluation of our company as an excellent business partner and its continuously growing business. Launched eleven years ago, EcoCortec® has evolved in one of the leading producer of VpCI® films in Europe, confirming this position on the market every day. Thanks to its smart leadership, innovative solutions and reliable team the company's sales are growing every

year. With 90% of products exported to Europe, Asia and USA, EcoCortec® has become one of the leading Croatian exporters in this field. This year the plant will be furtherly expanding due to growing market demand for its products and services.

Most recently EcoCortec launched first European VpCI® Plastics Recycling Project, being the first manufacturer in Europe to implement wide initiative to collect and recycle used VpCI® films and bags. EcoCortec® is a part of Cortec® Group, a global leader in green, environmentally safe corrosion protection technologies. During the last decade Croatian plant has set a new standard in Europe utilizing latest high-technology solutions for corrosion protection whose features are not only excellent performance but also high level of sustainability.
