**Cortec® at Most Influential Oil and Gas Industry Event:**

## **Cortec® Middle East to Present Latest Corrosion Protection Technology at the Abu Dhabi International Petroleum Exhibition!**

Cortec® Middle East will be participating at The Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC). One of the world's most influential events for the oil and gas industry.

Cortec® Middle East is a member of Cortec® Corporation, a world leader in corrosion protection technology, specializing in environmentally safe corrosion inhibitors and green innovative technologies. Cortec® opened a Middle East branch several years ago following the philosophy of staying close to its customers. The company provides one of the most effective solutions for corrosion challenges in the oil and gas sector.

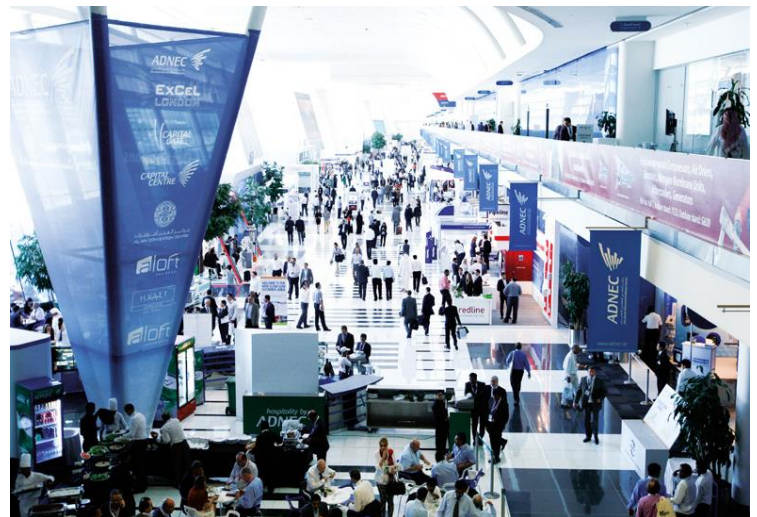

**Management of Cortec® Middle East with Boris Miksic, CEO and founder of Cortec® Corporation, during his visit to Dubai.**

Proper corrosion management in design and manufacturing as well as construction phases significantly decreases operation and maintenance costs over the life of many assets. Cortec® Middle East provides customers and clients with best-in-class technology, project management, engineering, design, application, and training services to ensure low-cost and effective industrial preservation programs. The company is especially proud of their experienced Services Division. Team of qualified engineers supports clients with supervision and application of Cortec’s products. The company regularly runs awareness sessions with its clients to educate them on the available options from FEED design to mothballing.

Cortec® Middle East will participate in the ADIPEC 2017 with 3x7m booth located in a very strategic place, right at the hall entrance. This is just one of the many investments supporting Cortec’s expansion plans and strategy to grow in the Middle East region. Another company’s goal is to strengthen further brand awareness and its presence in the market. Participation in ADIBEC is an excellent opportunity for this. As a premium exhibition platform ADIPEC enables professionals from around the world to do business and grow. The event provides one of the most important channels to exchange information, attracting energy ministers, CEO’s and leading decision makers. The show hosts more than 2,000 exhibiting companies from 135 countries around the world.

Cortec® Corporation together with its partner Cortec® Middle East will continue to innovate, invest in local talent and work closely with the national oil companies to ensure significant money savings. More importantly these savings will enable companies to invest their petrodollars in clean and safe hydrocarbon technologies.
