

NEWS ALERT

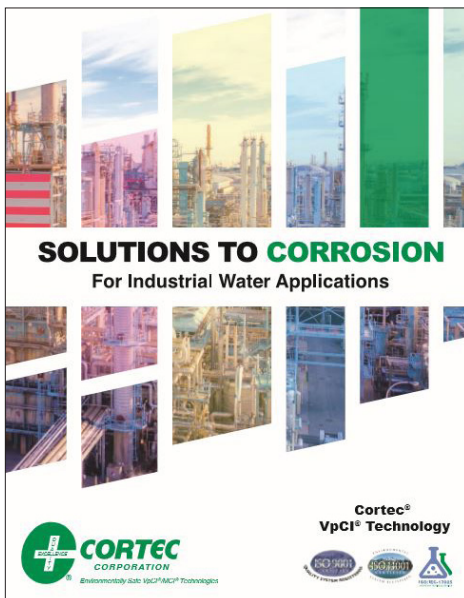

Get Ready to Learn from a Cortec® Water Treatment Expert at AWT!

The annual convention for the Association of Water Technologies (AWT) is only two months away! Mark your calendars now to visit us September 11th-14th at AWT Booth #163 in Palm Springs, California!

This is an especially exciting year to connect with Cortec® at AWT, as Scott Bryan, our new Technical Sales Manager for Water Treatment Products, brings a whole new level of expertise to Cortec® water treatment products. Bryan has over 25 years of experience in the water treatment market, with 15 years personally seeing the effectiveness of Cortec's industrial water treatment solutions as a Cortec® distributor. He has maintained his qualifications as a Certified Water Technologist since 2005.

In addition to welcoming your questions on corrosion issues in the field of industrial water treatment, Bryan will also be speaking at an AWT "Commercial Corner," Thursday morning from 8:00-8:15 a.m. His topic will be "Overcoming Challenges in Protecting Idle Equipment with Vapor Phase Corrosion Inhibitor (VpCI®) Technology."

Don't miss this special opportunity to talk corrosion solutions with a Cortec® water treatment expert and network with hundreds of water treatment professionals besides!

Cortec® Corporation is the global leader in innovative, environmentally responsible VpCI® and MCI® corrosion control technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas, and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001 and ISO 14001 Certified, and ISO 17025 Accredited.
