

MANUFACTURERS ADDITIVES AND CONCENTRATES

BIONETIX® INTERNATIONAL

WE PROMOTE A HEALTHY ENVIRONMENT BY PROVIDING SUPERIOR, ENVIRONMENTALLY SAFE ALTERNATIVES TO CURRENT TREATMENT METHODS.

ABOUT US

BIONETIX BIOLOGICALS...
THE MISSING LINK BETWEEN
ENVIRONMENTAL PROTECTION AND EFFECTIVE TREATMENT

Bionetix International produces biological waste treatment products that are used in thousands of field applications worldwide.

Our Biological Series of products can be found in use in countless food preparation and processing locations world wide. These products have been accepted by numerous municipalities around the world.

SUPPORT

We offer a complete portfolio of products for treatment applications in the home, industry, institutions, municipalities and yes . . . even in farmers' fields! And we know our products are used all over the world under widely differing environmental, climatic, physical and social treatment conditions.

So we're here to help you :

Our ever-expanding network of sales partners permits us to offer product and sales support wherever it is needed.

The expertise of our employees permits us to offer our clients timely technical support to develop tailor-made solutions for special applications.

Just contact us whenever you need us! Help us to clean up our natural environment

PRODUCTS

HYGIEA2000 NF 10X AND 20X MULTIPLE SPORE BLEND CONCENTRATES

HYGIEA 2000 NF can be used as a cleaning aid and organic digestant for release and liquefaction of a wide variety of organic wastes. Can be mopped or applied over treatment areas for odor destroying action.

HYGIEA2200 FF 10X AND 20X LIQUID ODOR CONTROL CONCENTRATES

HYGIEA 2200 FF is a multiple spore blend concentrate manufactured specifically for large volume accounts with formulation capabilities. It contains synergistic bio-strains, surfactants, nutrient, and stimulant that remove odors and stains from carpets, fabrics, garbage pails, dumpsters, garbage trucks, landfills, and municipal sludge. It can be sprayed in ambient air.

HYGIEA2400 FF 10X AND 20X MULTIPURPOSE MANUFACTURERS CONCENTRATES

HYGIEA 2400 FF is a multiple spore blend concentrate manufactured specifically for large volume accounts with formulation capabilities. It contains synergistic bio-strains, surfactants, nutrients and stimulants that ensure excellent breakdown of starches, carbohydrates, protein, fats and greases. It destroys these odor-causing compounds.

HYGIEA2600 FE FF 10X AND 20X **MULTIPURPOSE BIOENZYME BLENDS**

HYGIEA 2600 FE FF can be used as a cleaning aid and an organic digestant for release and liquefaction of a wide variety of organic wastes. Can be mopped or applied over treatment areas for odor destroying action.

HYGIEA8500 **LIQUID HYDROCARBON DETERGENT**

HYGIEA 8500 is an aqueous-based industrial cleaner intended for use in oil and grease build-up. It will degrade a wide range of hydrocarbons including: gasoline, diesel, crude oil, benzene, toluene, ethyl benzene, and xylene.

ABC 1000 **MULTIPURPOSE CONCENTRATE POWDER**

ABC 1000 is a high concentrate powder for multipurpose blending. It reduces organic sludge and bad odors.

ABC 1200 **SPORE BLEND POWDER FOR FOG**

ABC 1200 is a multipurpose blend powder that is ready-to-use and very effective in increasing microbial populations to promote waste degradation.

ABC 1500 **SPORE BLEND POWDER FOR HYDROCARBONS**

ABC 1500 is a ready-to-formulate and very effective in increasing microbial populations to promote contaminate degradation in industrial applications such as refineries and petrochemical plants.

ABC 4000 **MULTIPURPOSE CONCENTRATE LIQUID**

ABC 4000 is a multiple spore blend concentrate that is ready for use as the base culture for the formulation of a wide range of biological cleaners.

ABC 6000 **MULTIPURPOSE BIOENZYME BLEND LIQUID**

ABC 6000 is a bacteria and free enzyme blend for use as the base culture for the formulation of a wide range of cleaning products.

THE BIONETIX® ADVANTAGE

TOTAL SOLUTIONS

Extensive portfolio of products so you can achieve the best treatment over a diversity of challenges

Extensive product testing - products tested all over the world in experimental conditions as well as under real life situations

Extensive worldwide experience in a variety of treatment technologies

SERVICES AND CONSULTING

Understanding of microbial physiology - consultative technical service to provide solutions to a range of customer issues

Access to a broad range of expertise and skills - work with you on customized formulations and production as well as application procedures in the field
