

NEWS ALERT

Join Us in Bringing Corrosion Prevention to the Metal Casting Industry!

APRIL 23-26, 2022

COLUMBUS, OHIO

CASTEXPO

& METALCASTING CONGRESS

connecting SUPPLIERS | METALCASTERS | CASTING BUYERS

We are on our way to an exciting new trade show venue for us this April in Columbus, Ohio! The 2022 CastExpo promises to be a great opportunity to be immersed in the sights, sounds, and society of the \$44 billion metal casting industry. If you are involved in preventing metals corrosion, this American Foundry Society event is the place to be as metal casting suppliers, manufacturers, and buyers converge in one location April 23rd-26th.

The Cortec® booth will have an all-star team on hand with a wealth of experience addressing corrosion in automotive, heavy equipment, and other key manufacturing industries. Stop by to glean insights and ideas from Mike Gabor, Jessica Carpenter, and Anthony Price to transfer to your own corrosion prevention practice.

Also, be sure to ask how Cortec® stands out in the metal casting industry in regard to “green” solutions and supply chain stability. From the start, one of our priorities has been to develop corrosion solutions with a low environmental impact. We continue to do this today, most prominently with our growing portfolio of USDA Certified Biobased Products.

In addition, we are pleased to offer considerable supply chain stability in an era of supply chain delays. Our philosophy of vertical integration has put us in good standing to offer a solid supply of VCI Film and Paper to customers who can no longer source products quickly enough through their normal distribution channels.

As always, CastExpo will be a great place to learn and network with peers and prospects from across the industry. Whether knowledge-sharing with one another or attending exhibits and presentations, you will find many opportunities to build your understanding of metal foundry and manufacturing topics when you join us in April at CastExpo. Register today and let us know you're coming!

CASTEXPO

April 23rd-26th, 2022

Greater Columbus Convention Center

Columbus, OH

Booth #608
