CorteCros® Receives Gold Credit of Excellence Award!

We are pleased to announce that Cortec® subsidiary CorteCros® has recently received the “3 Year Gold Excellence” award for three consecutive years of maintaining a top credit rating with CompanyWall business! CompanyWall gives this award to its most competitive clients in the region of Slovenia, Croatia, Serbia, Montenegro, and Bosnia and Herzegovina. Out of the tens of thousands of businesses CompanyWall evaluates in the region every year, CorteCros® has consistently stood out with excellent creditworthiness. In recognition of this, CompanyWall presented CorteCros® with a crystal plaque representing “transparent labor and business prestige.”

In a letter accompanying the award, CompanyWall congratulated CorteCros® for their excellent results, which prove financial stability, build the trust of business partners, and contribute to leadership potential. This is an especially noteworthy commendation considering that CorteCros® has just recently faced the major undertaking of launching onsite manufacturing of a variety of Cortec® products and plans to continue expanding production in the near future.
