## Cortec® Corporation Passes ISO 14001:2004 Recertification Audit

March 13, 2007

From Left: Andrea Hansen (EMS Coordinator), Dan Tarble (EMS Committee Member), and Debbie Hannan (EMS Management Rep.)

Once again, Cortec® Corporation has been recertified to the ISO 14001:2004 Standard, proving its firm commitment to our environment! After passing the two-day audit performed by National Quality Assurance, USA Inc. (NQA), Cortec® was commended on having a mature environmental management system backed by a strong environmental policy.

Our success is built from management's commitment to the environment, a dedicated Environmental Management System Committee, and employee teamwork. Cortec® continually strives to improve the organization's impact on the environment.

Cortec® was one of the first ISO certified companies in Minnesota. We received our first ISO 14001:2004 (Environmental Management System) certification in 1998. Since then, Cortec® has continued to develop products and procedures that benefit this world we live in, providing a clean and safe environment for future generations.

Cortec® Corporation is a pioneer of environmentally friendly, corrosion protection Vapor phase Corrosion Inhibitors (VpCI™) & Migratory Corrosion Inhibitors (MCI®) technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001 & ISO 14001:2004 Certified.
