

NEWS ALERT

Join us at the 2021 ICRI Fall Convention in Minneapolis!

MIGRATING CORROSION INHIBITORS
FROM GREY TO GREEN

We are excited to be gearing up for the 2021 International Concrete Repair Institute (ICRI) Fall Convention! After more than a year away from the norm, we are looking forward to once again being in person for three days packed with networking, fun, and concrete repair education right in Cortec® and ICRI's own "backyard" of Minneapolis, Minnesota!

Our entire MCI® North America team will be present hosting a tabletop booth, so whether you are from Montreal, Philadelphia, San Diego, or somewhere in between, know that your MCI® rep is going to be there for you. In fact, we encourage you to schedule a one-on-one meeting in advance so you can get right down to business discussing your MCI® projects, prospects, and needs with your rep when you come see us (and to get entered in a prize drawing!) Mark your calendars now!

2021 ICRI FALL CONVENTION

October 11-13, 2021

Theme: Evaluation and Forensics – "Despair to Repair"

Marriott Minneapolis City Center | Minneapolis, Minnesota
