

NEWS ALERT

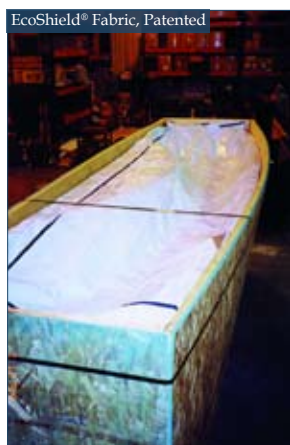

Cortec® Corporation Offers Ready to Deliver Paper!

May 1, 2007

In order to better serve our customers needs, Cortec® Corporation has recently added the following products for just in time delivery. By adding these products, we can now offer faster lead times and lower minimums.

- **VpCI™ Corrosorber® Paper** - A VpCI™ tarnish inhibiting paper specifically designed for packaging and protection of precious metals. (48"x600' 40#)
- **Cor-Pak® VpCI™ Polycoated Paper** - A premium corrosion inhibiting polycoated paper providing superior protection for both ferrous and non-ferrous metals. Coated with a polyethylene coating to provide a moisture barrier and/or moisture-vapor barrier. (48"x600' 40# NK/6# LDPE)
- **CorShield® Fabric, Patented** - Multi layered with a non-woven inside layer that provides long term outdoor protection against UV exposure. (68" x 500')
- **EcoShield® Fabric, Patented** - A multiple-layered protective fabric with a non-woven, soft inside layer that protects valuable items from corrosion and mechanical damage during storage and shipment. (68" x 500')
- **EcoWeave® VpCI™ Woven Polyethylene, Patented** - A woven polyethylene film that offers tear resistance, multimetal corrosion protection, reusability and recyclability. (48" x 500'), (96" x 500')
- **Cor-Pak® VpCI™ Reinforced Paper** - Made from quality neutral kraft paper, it offers a barrier to water, oil, and grease; provides superior corrosion protection for both ferrous and non-ferrous metals and is tear resistant. (48" x 600'), (60" x 600')

If you have any questions on the items listed, please feel free to contact Cortec® Corporation at 651-429-1100.

Cortec® Corporation is a pioneer of environmentally friendly, corrosion protection Vapor phase Corrosion Inhibitors (VpCI™) & Migratory Corrosion Inhibitors (MCI®) technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001 & ISO 14001:2004 Certified.
