## Cortec® Southeast Asia Welcomes New Supply Chain Manager to Improve Customer Service!

**CORTEC**  
SOUTHEAST ASIA

*Environmentally Safe VpCI/MCI® Technologies*

Cortec® Southeast Asia (Cortec SEA) is pleased to announce the start of R.S. Nathan as its new Supply Chain Manager on March 1st, 2020. Nathan will be streamlining our procurement, logistics, and back office functions to ensure we can serve our customers faster and more effectively. Having Nathan stationed in Cortec's newly established Singapore office places him in the same time zone as many of our clients to ensure quick and efficient responses to their inquiries.

Nathan brings with him 30 years of industry experience as a supply chain, preservation, and maintenance professional, primarily in the oil and gas sector. In particular, his firsthand career knowledge from working for top tier companies such as ExxonMobil, Halliburton, and QatarGas will be an important support to Cortec's position in Asia.

Philip Horsford, Cortec® SEA Regional Manager, commented, "Cortec SEA is excited to tap in to Nathan's expertise as we look to focus on warehouse and inventory requirements across all industries including power generation, oil and gas, aviation and heavy industry."
