

NEWS ALERT

Nitrite Free Cortec® VpCI®-146 Paper: Global Packaging Solution For The Automotive Industry!

Toyota* has issued a mandate from their service parts group that no VCI paper or film containing nitrite will be allowed due to any health or physical hazards associated with their products or packaging. Cortec®, the global leader in environmentally friendly VpCI® and MCI® corrosion protection, is the only company in the automotive industry to offer Nitrite free VCI/VpCI®-146 paper that complies with various International, Federal, and State regulatory requirements. This high technology Vapor phase Corrosion Inhibiting paper, once again places Cortec® ahead of the competition. For more information about Nitrite free VCI/VpCI®-146 paper, please visit our website at:
