**CORTEC ANNOUNCES ANOTHER RECORD BREAKING YEAR IN
WORLDWIDE SALES**

Cortec Corporation, world leader in the most diverse line of high tech corrosion protection, ended our fiscal year on October 31st, 2003.

Breaking another sales record, Cortec continues to maintain high quality products and production capabilities, and local warehousing throughout the U.S. and 70 + countries.

Cortec's famous VpCI-126 Blue[®] film leads the way as the number one corrosion inhibiting film in the world. Despite competitor's imitations and claims, Cortec is #1, and will continue to grow our market share in corrosion control business globally.
