NEWS ALERT:

Cortec® passes ISO 14001:2004 Re-certification Audit.

Cortec® Corporation has been recertified to the ISO 14001:2004 Standard, proving our firm commitment to the environment! After passing the two-day audit performed by National Quality Assurance, USA Inc. (NQA), Cortec® was commended on having a mature environmental management system backed by a strong environmental policy.

CASE HISTORY:

Cortec® Products Reclaim Motor House Castings.

The customer had a number of castings that were neglected. The parts were needed urgently, and the only solution presented was to scrap the existing castings and buy new ones.
